

House, the only thing certain about next week is that it will be their latest attempt to try to mislead us into believing there are enough bullets and bombs, money and U.S. blood to prevail in Iraq.

The best military in the world is being run into the ground by this President. That's the only truth the evidence supports. Don't believe anything else. The American people had it right in November, and they still have it right today.

The U.S. must end its occupation. There is no other choice for this country, except to continue to shed the blood of our people and waste the resources of this country in Mr. Bush's failure.

#### ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair would remind Members to refrain from using vulgarity.

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Oregon (Mr. DEFAZIO) is recognized for 5 minutes.

(Mr. DEFAZIO addressed the House. His remarks will appear hereafter in the Extensions of Remarks.)

#### STATUS REPORT ON CURRENT SPENDING LEVELS OF ON-BUDGET SPENDING AND REVENUES FOR FY 2007 AND FY 2008 AND THE 5-YEAR PERIOD FY 2008 THROUGH FY 2012

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from South Carolina (Mr. SPRATT) is recognized for 5 minutes.

Mr. SPRATT. Mr. Speaker, I am transmitting a status report on the current levels of on-budget spending and revenues for fiscal years 2007 and 2008 and the five-year period of fiscal years 2008 through 2012. This report is necessary to facilitate the application of sections 302 and 311 of the Congressional Budget Act. This status report is current through September 5, 2007.

The term "current level" refers to the amounts of spending and revenues estimated for each fiscal year based on laws enacted or awaiting the President's signature.

#### DIRECT SPENDING LEGISLATION—COMPARISON OF CURRENT LEVEL WITH AUTHORIZING COMMITTEE 302(a) ALLOCATIONS FOR RESOLUTION CHANGES REFLECTING ACTION COMPLETED AS OF SEPTEMBER 5, 2007

Allocation .....	–1	–1	134	132	89	87

The first table in the report compares the current level of total budget authority, outlays, and revenues for the fiscal years 2007 and 2008, and the five-year period of fiscal years 2008 through 2012 with the aggregate levels set by S. Con. Res. 21, the Concurrent Resolution on the Budget for Fiscal Year 2008. This comparison is needed to enforce section 311(a) of the Budget Act, which creates a point of order against measures that would breach the budget resolution's aggregate levels. The table does not show budget authority and outlays for years after fiscal years 2007 and 2008 because appropriations for those years have not yet been considered.

The second table compares the current levels of budget authority and outlays for spending by each authorizing committee with the section 302(a) allocations made under S. Con. Res. 21 for fiscal years 2007 and 2008 and fiscal years 2008 through 2012. This comparison is needed to enforce section 302(f) of the Budget Act, which creates a point of order against measures that would breach the section 302(a) allocation of new budget authority for the committee that reported the measure. It is also needed to implement section 311(c), which exempts committees that comply with their allocations from the point of order under section 311(a).

The third table compares the current levels of discretionary appropriations for fiscal years 2007 and 2008 with the section 302(b) suballocations of discretionary budget authority and outlays among Appropriations subcommittees. The comparison is also needed to enforce section 302(f) of the Budget Act because the point of order under that section equally applies to measures that would breach the applicable section 302(b) suballocation.

The fourth table gives the current level for fiscal years 2009 and 2010 of accounts identified for advance appropriations under Section 206 of S. Con. Res. 21. This list is needed to enforce the budget resolution, which prohibits advance appropriations that are: (i) not identified in the statement of managers or (ii) would cause the aggregate amount of such appropriations to exceed the level specified in the resolution.

#### BUDGET AUTHORITY

Enactment of measures providing any new budget authority for FY 2007 (if not already included in the current level estimate) would cause FY 2007 budget authority to exceed the appropriate level set by S. Con. Res. 21.

Enactment of measures providing new budget authority for FY 2008 in excess of \$928,108,000,000 (if not already included in the current level estimate) would cause FY 2008 budget authority to exceed the appropriate level set by S. Con. Res. 21.

#### OUTLAYS

Enactment of measures providing any new outlays for FY 2007 (if not already included in the current level estimate) would cause FY 2007 outlays to exceed the appropriate level set by S. Con. Res. 21.

Enactment of measures providing new outlays for FY 2008 in excess of \$587,128,000,000 (if not already included in the current level estimate) would cause FY 2008 outlays to exceed the appropriate level set by S. Con. Res. 21.

#### REVENUES

Enactment of measures resulting in revenue reduction for FY 2007 in excess of \$4,176,000,000 (if not already included in the current estimate) would cause FY 2007 revenue to fall below the appropriate level set by S. Con. Res. 21.

Enactment of measures resulting in revenue reduction for FY 2008 in excess of \$34,577,000,000 (if not already included in the current estimate) would cause FY 2008 revenue to fall below the appropriate level set by S. Con. Res. 21.

Enactment of measures resulting in revenue reduction for the period of fiscal years 2008 through 2012 in excess of \$175,852,000,000 (if not already included in the current level estimate) would cause revenues to fall below the appropriate levels set by S. Con. Res. 21.

*Washington, DC, September 6, 2007.*  
Hon. JOHN M. SPRATT, Jr.,  
*Chairman, Committee on the Budget,*  
*House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The enclosed report shows the effects of Congressional action on the fiscal year 2007 budget and is current through September 5, 2007. This report is submitted under section 308(b) and in aid of section 311 of the Congressional Budget Act, as amended.

The estimates of budget authority, outlays, and revenues are consistent with the technical and economic assumptions of S. Con. Res. 21, the Concurrent Resolution on the Budget for Fiscal Year 2008, as approved by the Senate and the House of Representatives.

Pursuant to section 204(b) of S. Con. Res. 21, provisions designated as emergency re-

quirements are exempt from enforcement of the budget resolution. As a result, the enclosed current level report excludes these amounts (see footnote 1 of the report).

Since my last letter to you, dated June 11, 2007, the Congress has cleared and the President has signed the following acts that affect budget authority, outlays, or revenues for fiscal year 2007: An act to extend the authorities of the Andean Trade Preference Act until February 29, 2008 (P.L. 110-42); and a bill to provide for the extension of Transitional Medical Assistance (TMA) and the Abstinence Education Program through the end of fiscal year 2007, and for other purposes (P.L. 110-48).

Sincerely,  
ROBERT A. SUNSHINE

The amounts so designated for fiscal year 2008, which are not included in the current level totals, are as follows:

	Budget au- thority	Outlays	Revenues
U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (P.L. 110-28) .....	605	48,639	n.a.

2. Excludes administrative expenses of the Social Security Administration, which are off-budget.

3. Periodically, the House Committee on the Budget revises the totals in S. Con. Res. 21, pursuant to various provisions of the resolution:

	Budget au- thority	Outlays	Revenues
Original Resolution Levels .....	2,496,028	2,469,636	2,015,858
Revisions:			
To reflect the difference between the assumed and actual nonemergency supplemental appropriations for fiscal year 2007 (section 207(f)) .....	1	1	-17
For extension of the Transitional Medical Assistance (TMA) program (section 320(c)) .....	96	99	0
Revised Resolution Levels .....	2,496,125	2,469,736	2,015,841

4. S. Con. Res. 21 assumed \$606 million in budget authority and \$49,990 million in outlays from emergency supplemental appropriations. Such emergency amounts are exempt from the enforcement of the budget resolution. Since current level totals exclude the emergency requirements enacted in P.L. 110-28 (see footnote 1 above), budget authority and outlay totals specified in the budget resolution have also been reduced (by the amounts assumed for emergency supplemental appropriations) for purposes of comparison.

5. Section 207(d)(1)(E) of S. Con. Res. 21 assumed \$145,162 million in budget authority and \$65,754 million in outlays for overseas deployment and related activities. Pending action by the House Committee on Appropriations, the House Committee on the Budget has directed that these amounts be excluded from the budget resolution aggregates in the current level report.

## REAUTHORIZATION OF NO CHILD LEFT BEHIND

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from New Jersey (Mr. GARRETT) is recognized for 5 minutes.

Mr. GARRETT of New Jersey. Mr. Speaker, with all the various important issues that we have been debating on the floor, we should remember one very important issue dealing with education of our children that will be considered here in the House very soon, and, most specifically, that deals with the reauthorization of NCLB, No Child Left Behind.

So I come to the floor tonight to address some of the concerns and problems with NCLB and offer a possible solution. That solution, by the way, is the legislation I have submitted, H.R. 3177, the LEARN Act, the Local Education Authority Returns Now, allowing States and parents and local communities to regain control of their edu-

cation and not have it be here in Washington, DC.

As we're all aware, NCLB is really simply a reauthorization of the Elementary and Secondary Act, that's ESEA, from the 1960s. What I've done is I've looked back over the past reauthorizations of ESEA, and I've noticed a very troubling trend. With every single reauthorization, new problems are always found for America's schools, and with every new problem, the solution is always more Federal involvement.

You know, all the way back in 1983, almost a quarter of a century ago, a famous report came out. It was called, "A Nation at Risk," and it said that America had fallen dangerously behind the rest of the world in education; but, today, new studies are saying much the same thing.

According to the National Center for Education Science, in 2003 U.S. fourth graders were outperformed by their peers in eleven other countries, includ-

ing four Asian countries and seven European countries. U.S. eighth graders were outperformed by their peers in nine countries, including five Asian and four European.

Yet, today, as a percentage of GDP after NCLB, we are still spending more money on education now than at any time in U.S. history. We have increased the paperwork, the requirements for the teachers, more taxpayer dollars, increased administration's burden; but we've decreased the flexibility for the teachers and the power in the classroom.

So let me just present two charts, and I would like to thank the work of Dr. Anthony Davies of the Donahue Graduate School of Business of Duquesne University, to make this point. If we look at this chart, the chart shows noninstructional spending and instructional spending in our schools. The top is eighth graders. The bottom is fourth graders.
